

LPH-80 limited edition

Black on Black!

To celebrate the 10th Anniversary of the design of the game changing LPH80, Anest Iwata has released a strictly limited edition version of this highly acclaimed and much loved spray gun.

The limited edition gun looks stunning in its jet black finish; this special coating gives the gun the look and feel of a real high performance thoroughbred.

Over the last 10 years the LPH80 has stood the test of time and has continued to not only exceed all expectations but it has also excelled in the challenges of a constantly changing market. Pushing the boundaries of performance and reliability, the name LPH80 has become a term for excellence in the automotive industry!

The limited edition gun comes in a specially made case and has a certificate that states that it is one of only 700 guns worldwide.

The LPH80 fan pattern distributes the fluid evenly, which means it is not centre wet. This gives an easy to blend application allowing smaller areas to be repaired and giving a higher rate of right first time paint jobs.

Whether spraying at 3psi or 1.5bar the atomization of the LPH80 stays consistent and uniform which is essential for a good, smart repair application of both base and clear.

KIT contains:

LPH-80 spray gun
70cc gravity cup

250cc gravity cup
Cleaning brushes

Rapid ELITE
